

The BC Youth in Agriculture foundation is committed to providing funding to support leadership and skill development opportunities for youth in agriculture. Youth require the tools to help deal effectively with the challenges of a constantly changing world. One way of supporting this mandate is offering clubs and members the opportunity to participate in the 4-H competitions at the PNE. Below are the two ways of applying for funding.

4-H Club Travel Assistance Information

Grants are available to clubs from outside of the Fraser Valley who would like to participate at the PNE but the cost of travel inhibits them from attending. Funding will be granted to clubs who have applied by Friday, June 28. In addition to filling out the application form on the reverse, clubs are required to submit an estimate of their direct travel costs to The Fair (please do not include expenses for accommodations or meals). Funding will be granted as a percentage of the total budget.

PNE Ambassador/Judging Competition Information

A grant will be available to out-of-town 4-H members participating in the PNE Ambassador Program, the PNE Judging Competition, and the Journey of BC Food Educational Display Competition to assist with travel expenses. Members from districts outside of the Fraser Valley and Vancouver will be eligible. The amount available to each district is based on the interest generated by the BC Youth in Agriculture Foundation.

- Any district that does not submit an application for funding by the June 28 deadline will forfeit funding.
- If the applicant is successful, the key leaders will be notified by July 31.
- The amount listed below is the maximum funding members will receive. The amount granted may be lower if a high volume of applications is received.
