2020 ONLINE TICKET PROGRAM TERMS & CONDITIONS

TERMS AND CONDITIONS:

- Online codes are to be kept within the company/organization for staff and members only; advertising the codes to outside persons or third-party websites is not permitted and may result in termination of your online ticket contract.
- Online tickets are NOT available for purchase at the gate. Tickets must be pre-purchased online using an approved credit card. Ticket vouchers are to be printed prior to being redeemed at a PNE main gate. Regular rates will apply if you are purchasing tickets from a gate.
- Online tickets are non-refundable and the PNE will not be held liable for any unused purchased tickets.
- Company representatives must continue to receive PNE emails for the duration of the online ticket program season, April to March.

PURCHASING FEATURES FOR TICKETLEADER:

- At the PNE, we have invested time and effort into ensuring that we provide the highest level of transactional security possible for all our credit card holders. We have implemented 3D Secure technology (Verified by Visa and MasterCard SecureCode) to enhance our fraud

screening processes and protect your information. This technology is similar to Chip and PIN processes used in most retail locations in Canada. Through these security services, a personal password is created known only to the individual and their bank. When using TicketLeader, the purchaser will be prompted to enter their password to complete the transaction. If an incorrect password is entered, the purchase will not be completed and no holds will be placed on the credit card. Enrolment in Verified by Visa and MasterCard SecureCode is mandatory for all PNE online ticket purchases.

- Not all credit cards are accepted on TicketLeader as some card issuers have chosen not to be a part of this new security program. Please contact your card issuer to confirm if they participate in either of these programs.
- Some credit cards issued outside of Canada are not currently accepted on TicketLeader.
- Pre-paid credit cards, debit credit cards and debit cards are not currently accepted as a form of payment on TicketLeader.
- Due to higher levels of computer security, not everyone is able to purchase tickets from their work computer. Please inform your members whether this is possible from your place of business.
- In order to purchase tickets online, pop-up blockers must be turned off and cookies enabled in your internet browser.
