

Site Redevelopment Impacts & Public Safety

Site Redevelopment Impacts

- Fair
- Traffic & Pedestrian Flow Impacts
- Parking & Transit Plans
- Neighbourhood Clean Up & Public Safety Support

2024 New Fair Footprint

PROSPECTIVE FOOTPRINT CHANGES FOR 2024

Highlights:

- Summer Night Concerts will move indoors in the Coliseum.
- Superdogs will move to the Agrodome with additional staff directing pedestrian flow and seating.
- Toon City will move from the Playland Sanctuary area to Italian Gardens.
- Kids Discovery Farm will move from the Livestock barns to outdoor area near the Skate Park (West lawn area). Skate Park will remain open to the Public.

Traffic & Pedestrian Flow Impacts

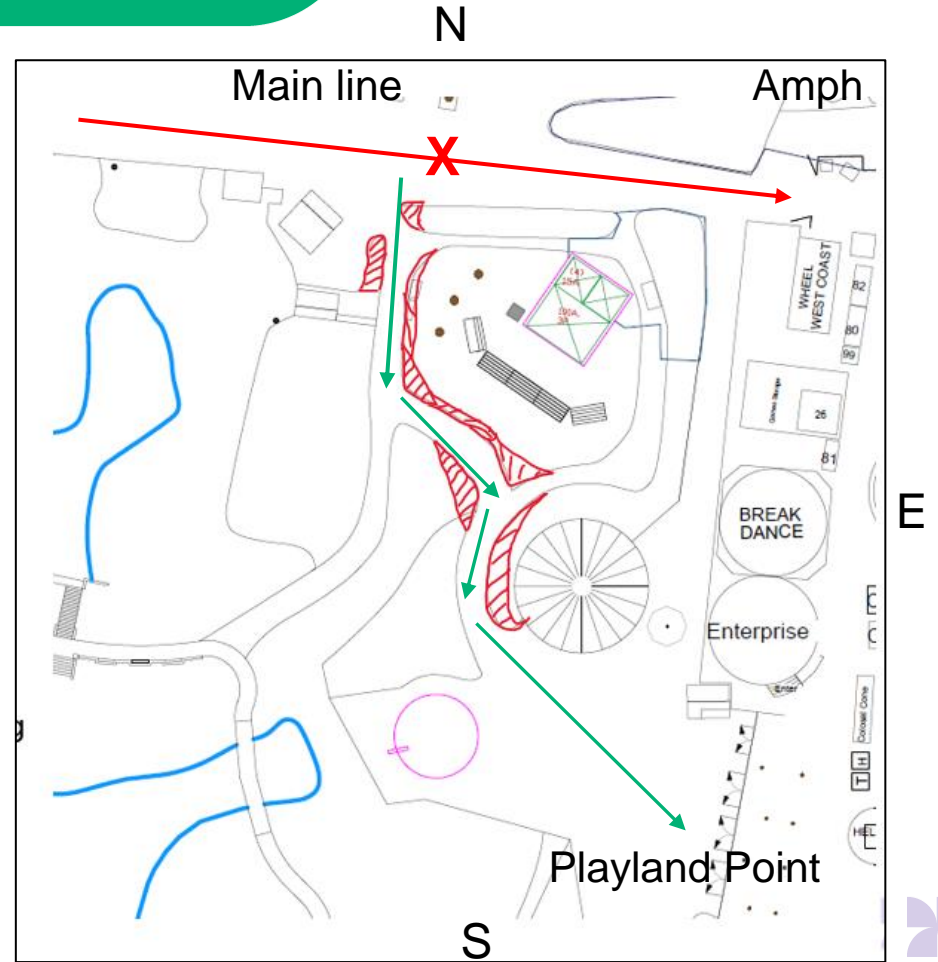

Miller Drive

- To accommodate infrastructure upgrades, 500ft of Miller Drive north of the Amphitheatre Construction has been converted to one-way eastbound to accommodate space for greenway.
 - A dedicated 2-way pedestrian pathway running parallel is currently in effect.
- During events, Miller Drive has additional staff positioned to create 2-way controlled traffic.
- A possible closure of Miller Drive for approximately 1-2 weeks may be required with exact dates to be communicated in advance and shared publicly.

Other Site Flow Changes

- The corridor between main line and Playland Point is being widened to create a higher capacity pathway linking the Fair footprint and Playland
- Path will be approximately 25'-35' wide to help move 300-400k people between the east and west side of the park as main hill up to Playland will be closed. Completion expected by May 22.

Parking & Transit Plans

Current On-Site Parking

- Reduction in onsite parking due to Amphitheatre construction footprint until Spring 2026
- High volume of film crew bookings in parking areas on non-event days.
- Working with Racetrack to utilize overflow space on event days as required.
- Work with car share relocation services in area to increase available parking
- Lot 9C by Empire Fields & Playland to return to parking in June once Launch Coaster construction finishes

Fair Parking & Transit Plan

- Similar to previous years, on busy days, traffic will be diverted off Hastings down to Racetrack in-field for additional Fair parking
- All regular lots will be in use as in previous years.
- Staff parking offsite at school lots
- Discussions with TransLink underway for the return of Fair-time service. Service schedule to be confirmed.

Bikeshare Plan/Ride Share

- Ride share drop off available at Gate 2/6/9 year-round.
- Mobi bikes were installed across from Playland main gates July of 2023 through to Fright Nights but underutilized therefore these will not be installed for 2024 season.
- Bike racks available at all main entry gates

Neighborhood Clean Up & Public Safety Support

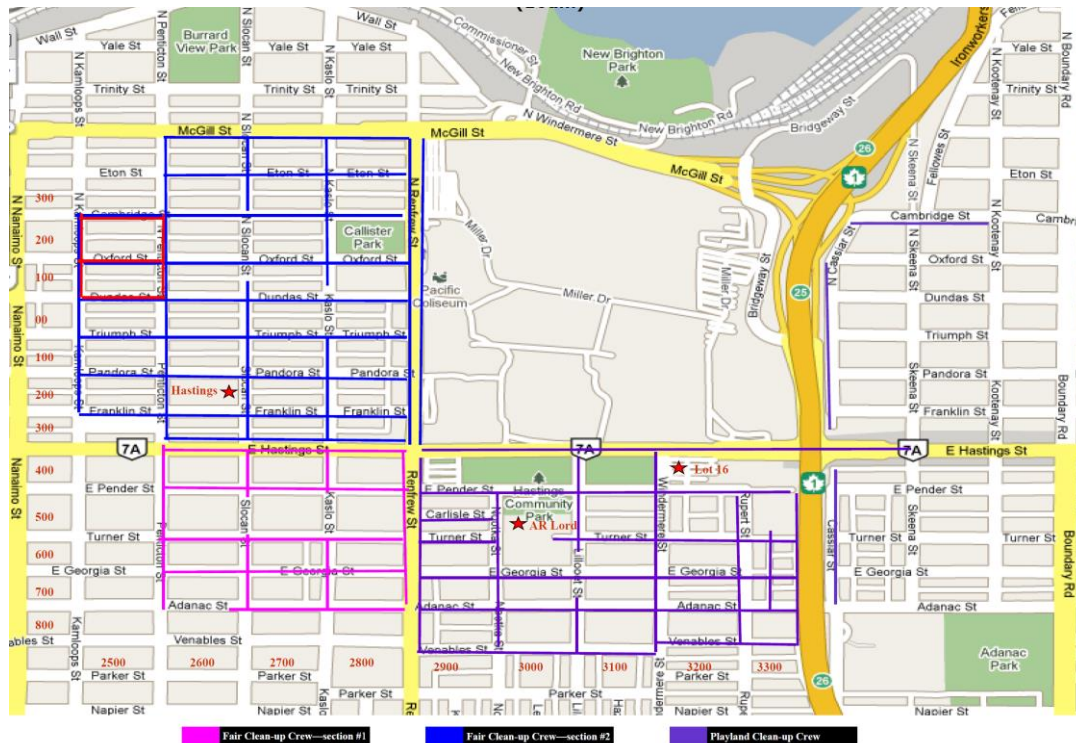

Community Support Programs

- Public Safety department operates community patrol program during events.
- Facilities & Maintenance has a team conduct a neighborhood cleaning program each morning after Fair operation days

Fairtime Neighbourhood Clean-Up

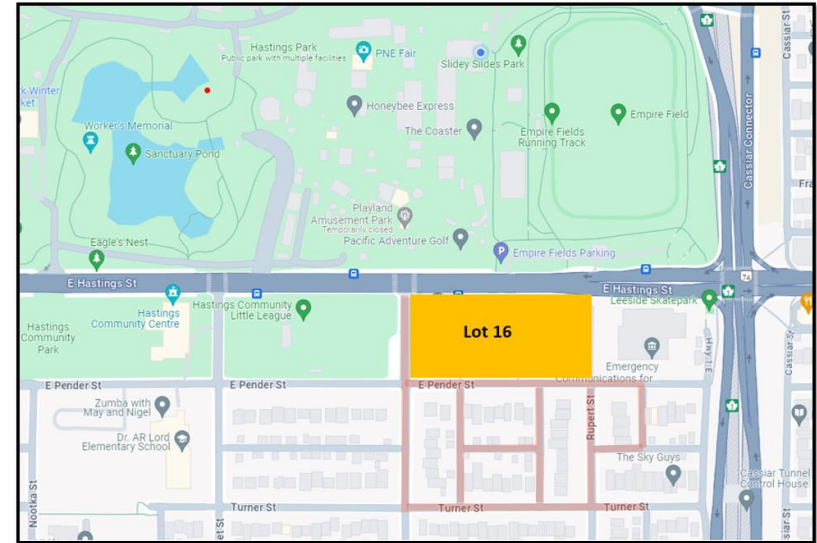

- Completed daily Aug 17-Sept 2
- Includes all highlighted residential street areas

Playland Neighborhood Clean-Up

- Completed on Fridays and Sundays
- Includes Lot 16 and most impacted residential streets (highlighted in red)
- Park Season
 - May 17 through August 16
- Fright Nights
 - October 4 through November 1

2024 Park Season Neighbourhood Clean Map

Bidders' Project

- 8 year partnership - Engagement of marginalized groups from local area to support waste diversion activities on site
- Weekly engagement during Playland Park season and daily engagement during the Summer Fair for waste diversion sort
- Improves economic opportunities and creates connections with the wider community
- Builds job skills, routine, and a sense of dignity
- Provides a reliable and fair income
